

WAVES

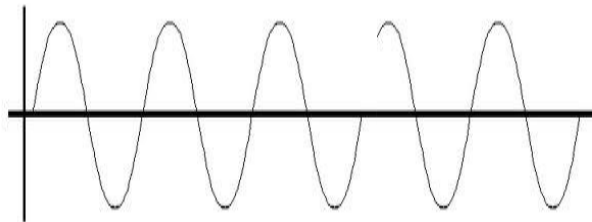

- Rarefaction
- compression
- wavelength
- Trough
- crest
- transverse wave
- Amplitude
- longitudinal wave

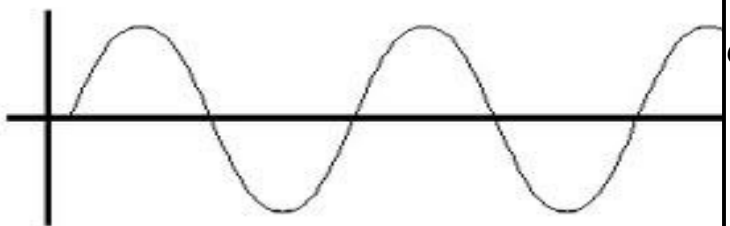

← original

Which part of this wave is different than the original?
Amplitude or Frequency
 Will this change the *volume* or the *pitch*?

Which part of this wave is different than the original?
Amplitude or Frequency
 Will this change the *volume* or the *pitch*?

Which part of this wave is different than the original?
Amplitude or Frequency
 Will this change the *volume* or the *pitch*?

Circle the wave that has the highest pitch.
